## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 12-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: regarding claim 12, the primary reason for the allowance of the claim is due to a process of testing an integrated circuit comprising comparing on the integrated circuit the core test response output signals to the expected response test signals received on output pads to produce a pass/fail signal. Since claims 13-25 depend from claim 12, they also have allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
